

PROFESSIONAL BACKGROUND

I am a graduate of Computer Systems Engineering, in degree procedures, with experience in desktop applications development with Java and web applications development with the Django framework and other technologies.

I have been working with Java, focused on Desktop Applications, using the following technologies: Java SE and Maven.

Web skills: JavaScript, PHP, HTML5, Bootstrap 5.

SKILLS AND TOOLS

ivan.c.contreras@accenture.com

Application Development Associate - CL12

CDMX, México.

- **JSE**, Java 8
- XAMPP
- Cloudinary
- Git

- Maven
- Heroku
- Netbeans
- IntelliJ IDEA

- Visual Studio Code
- Firebase
- MySQL Workbench
- Project Libre

SELECTED RECENT EXPERIENCES

JULY 2021-JULY 2021 | ACCENTURE | CDMX

- I'm taking a Java BackEnd Academy at Accenture, in remote mode.
- In this academy I am learning new subjects and reinforcing my Java knowledge.
- During the academy I have done Testing exercises in Java, Java SE and I learned to program in functional java.
